

TimeAlly Super Goal Achiever Plan Features

Systematic Accumulation Plan (SAP)

TimeAlly Super Goal Achiever Plan (TSGAP) is Decentralized Smart Contract based Systematic Accumulation Plan (SAP). TSGAP Incentivize Stakers behavior for staking regularly in a disciplined way

Smart Contract

The entire staked Era Swap(ES) is stored in a trustless smart contract system. This can't be double spend & moved out for any other purpose as this is completely managed by Blockchain based smart contract

Benefits stored safely

The future benefits of the Staker are stored safely in Smart Contract on Day 1 of beginning of annuity which is transparent & most secured system driven

Total Control

Bonus & Annuity
Guaranteed

Limited Period

The assets will be distributed at different interval time as per the Smart Contract logics. The withdrawal of eligible benefits is in total control of the Staker

Will receive Annuity on ES staked every month for the same month in next 9 years. Booster Bonus on total ES staked of 1st Year gets released timely in equal %age on every 36th /72nd/108th Month

TSGAP is limited period Solution viable for 100,00000 (10 Million ES). Once 10 Millions ES are accepted in TSGAP smart contract this contract won't accept any more Staking's in the plan.

TSGAP Terms & Conditions

TSGAP SAP & Annuity Chart in ES

TSGAP ES SAP for 12 months	Monthly Annuity Return in ES
100 to 499 ES	16%
500 to 999 ES	18%
1000 to 9999 ES	20%
10000 to 99999 ES	22%
100000 ES and above	24%

- •The above plan will accept only 10000000 (10 millions) ES in stake
- •All the percentages are purely based on number of ES deposited in TSGAP plan.

Important Smart Contract Conditions for Stakers

SAP Starts with Minimum 100 ES and above (Please refer to TSGAP SAP & Annuity Chart in ES)

≻Grace Period:

Once you have deposited ES in TSGAP for first month accumulation, your window to deposit 2nd Month accumulation will open for 30Days 10 hours. If SAP not deposited within 30 days 10hours as per the due then there is grace of 10 days to deposit the SAP. After Grace period the Staker will not be allowed to deposit for the respective month. The opportunity to deposit ES for the respective month will be lost forever. If failed then there will be no payout for the month. The window will open now for the new deposit.

- The Grace period to deposit monthly accumulation is 10 Days. If staked SAP in Grace period then there will 1% deduction from first Booster bonus
- ❖ If defaulted to stake min SAP as per plan chosen then there will be 2% deduction from first Booster bonus
- ❖ That is, TSGAP SAP 1000 ES for 12 months scenario => if Staker defaults to stake for 2 months then it will 2months **X 2 %** = 4% ES will be deducted from first Booster bonus. The total Annuity returns 9 years & Boosters benefits in SAP 1000 will be ES 28000(280%) 1.33 % ES from first booster bonus = 27866.67 ES (278.67%) returns which he/she will get in 9 years due to default of SAP for 2 months.
- That is, TSGAP SAP 1000 ES for 12 months scenario => if Staker defaults to stake for 10 months then it will 10 months X 2% = 20% ES will be deducted from first Booster bonus. The total Annuity returns 9 years & Boosters benefits in SAP 1000 will be 5600 ES (280%)- 6.67% ES from first booster bonus= 5466.67 ES (273.33%) returns which he/she will get in 9 years due to default of SAP for 10 months.

≻TOP up:

- If one tries to deposit 11 months SAP in one go than the purpose of doing SAP which is entering market at different months & ES rate will not be achieved. If one deposits more than SAP commitment than additional ES deposited will be counted as TOP Up.
- Additional TOP up will be applicable only as per the plan chosen at the time of contract acceptance by the staker as per TSGAP SAP & Annuity Chart

≻Nominee:

Any number of nominees can be added by the staker. A nominee who gets the benefit of the plan in case, the staker doesn't withdraw benefit continuously for 12 months. If the staker doesn't withdraw benefits till 1 year, then nominee can withdraw these benefits (in case there is no appointee selected). Any Nominee can also deposit SAP on behalf of the staker

≻Appointee:

- ❖ Appointee is the custodian who can facilitate preponment of benefits to the nominee.
- Any number of appointees can be added. With the approval of min 51% appointee, the appointee can prepone the benefits for the nominee in case the staker doesn't withdraw benefits continuously for 6 months. The appointee can vote any anytime. If staker doesn't withdraw benefits up to 6 months then with the consensus of appointees, nominees could be able to withdraw before the 1-year waiting period criteria.
- The duration of the month is 30 days 10 hours from the first staking day & time.

Statutory Warning

Digital Assets are extremely high-risk, speculative products. You should be aware of the risks involved and fully consider before participating in Digital assets whether it's appropriate for you. You should only participate if you are an experienced investor with sophisticated knowledge of financial markets and you fully understand the risks associated with Digital assets. We strongly advise you to take independent professional advice before making any investment or participating in any way.

You should also check what rules and protections apply to your respective jurisdictions before investing or participating in any way. The Creators & community will not compensate you for any losses from trading, investment or participating in any way. You should read whitepaper carefully before participating and consider whether these products are right for you.
