# Safety Measures to your Wallet

1. Please check correct link in address bar to be protected from phishing Attacks:

2. Mnemonic phrase should be written on paper, laminated, stored in a safe place.

3. Never keep your Keystore file and password at one place , there is risk of theft.

Name	Date modified	Type	Size
password	8/19/2019 1:08 PM	Microsoft Word D...	0 KB
UTC-0xE2269Ec70b5327360B23F77B89b0c...	8/17/2019 11:15 AM	JSON File	1 KB

4. You should have a good antivirus installed like Kaspersky, Quick Heal. Please ensure that you have a active license.

5. Remove any non-Trusted software and browser plugins from your devices.
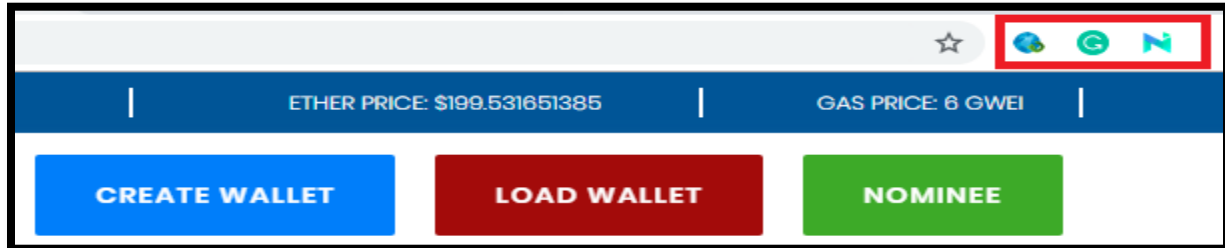

6. Ensure you have a strong password.

7. Don't click on link from untrusted emails.
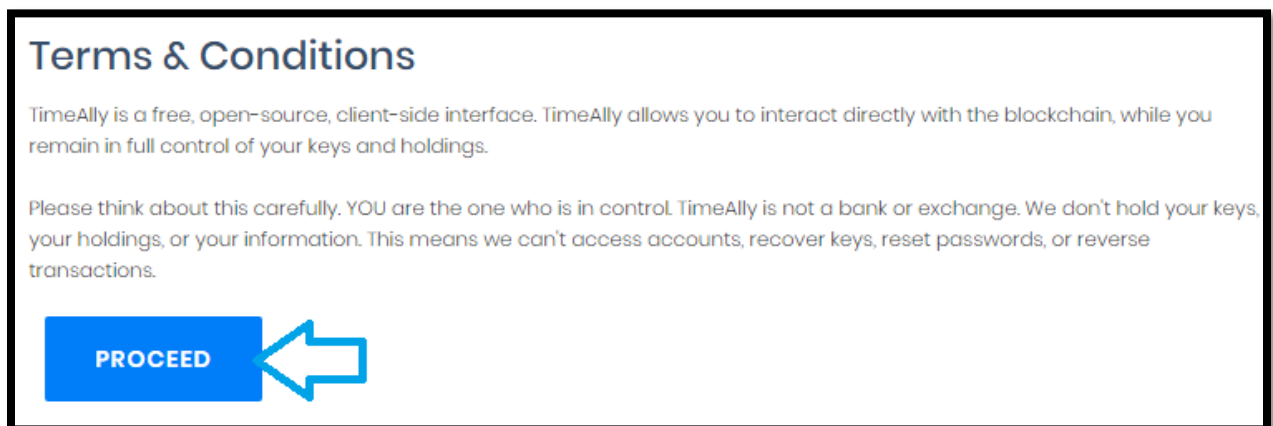

# How to Create Account in"TimeAlly"

Step-1: Click on Create Wallet

Step-2: Read Terms & Conditions Carefully

Terms & Conditions

TimeAlly is a free, open-source, client-side interface. TimeAlly allows you to interact directly with the blockchain, while you remain in full control of your keys and holdings.

Please think about this carefully. YOU are the one who is in control. TimeAlly is not a bank or exchange. We don't hold your keys, your holdings, or your information. This means we can't access accounts, recover keys, reset passwords, or reverse transactions.

PROCEED

Step-3: Click on Proceed button.

VERIFY MNEMONIC ⇐

Step-9: Click on Next Button.

Please enter your mnemonic in order

differ iron ritual crawl lunch jump chase over upset scheme shed fury

CRAWL	IRON	DIFFER	RITUAL
LUNCH	SHED	OVER	CHASE
UPSET	FURY	SCHEME	JUMP

NEXT STEP ⇐

**Step-10:** Please wait your keystore file is generating.

Keystore file

1. A keystore file contains the password encrypted version of your private key. Generation process takes your private key through AES-128-CTR and KDF-SCRIPT encryption algorithms. It can take from 20 seconds to over a minute depending on your computer to encrypt your private key. After some time if your browser prompts that web page is not responding, then please click on wait.
2. To spend the cryptocurrencies in your wallet, you need to have your keystore file as well as your password.
3. If you misplaced your keystore file or forgot your password or both, then you will not be able to spend your holdings.
4. Then only way to unlock your holdings is your mnemonic phrase. So keep it super safe.
